PINE VIEW ESTATES

THE DOUGLAS

Welcome home to the Douglas model featured at Pine View Estates. With over 1,700 sq. ft. of living space, the Douglas is the perfect size without sacrificing convenience. First floor main living provides a home that is both functional, affordable and popular with today's growing housing trends. What we love most about the Douglas home is the open kitchen concept and flexible floorplan with a potential gathering room. Additional benefits include a private master bedroom located away from your guest bedroom, home office or flex room, nostalgic front porch, huge master bedroom walk-in-closet space, and built-ins that provide customization and classic charm.
